

Find out what is really going on with Carbon in language you can understand.

Hosted by the
Woorabinda Pastoral Company

Thursday
17th May
Opal Hall at
Woorabinda

This FREE Carbon Day delivered by RCS will cover:

- ✓ What is Soil, Animal and Plant Carbon?
- ✓ How to sequester more Carbon in your soils and lift your production?
- ✓ Where are the opportunities in Carbon for your business?
- ✓ How much is Carbon worth and how do you sell it?
- ✓ The Carbon Farming Initiative and other funding programs
- ✓ Practical demonstrations of soil Carbon in different soil types

This field day is sponsored by the Fitzroy Basin Elders Committee with funding from the Australian Government Farm Ready Industry Grants program.

Australian Government
Department of Agriculture,
Fisheries and Forestry
