

Arrow Energy Indigenous Tertiary Scholarships Program

Arrow Energy going further on reconciliation

Arrow Energy is committed to 'going further on reconciliation'. To realise this important commitment, Arrow Energy is partnering with six of Queensland's leading universities to deliver quality tertiary scholarships and other exciting initiatives.

These initiatives will:

- Support Aboriginal and Torres Strait Islanders to obtain tertiary qualifications
- Connect Aboriginal and Torres Strait Islanders to real career opportunities
- Encourage young Aboriginal and Torres Strait Islanders to enter university

The Arrow Energy Indigenous Scholarship Program will provide 25 tertiary scholarships to support students undertaking study in 2013 and 2014.

These scholarships will ensure students have access to the resources they need to complete their academic study, including stationery, textbooks, internet access and IT requirements, as well as assisting

with day-to-day living expenses such as travel and accommodation. In addition, scholarship recipients will have access to mentoring, tutoring and peer support networks.

Eligibility

Applicants must be of Aboriginal and/or Torres Strait Islander descent in order to be considered for the scholarships.

Applicants may be:

- Enrolling in their first year of study, or currently enrolled
- Studying by distance education, or on campus
- Enrolling directly from secondary school, or mature-age
