

Future, Building, Engaging, Communities - Where Waters Meet

OUR land, BUSINESS & resources

We invite you to attend this **FREE** event held over 2 days in April 2013 to explore how the effects and movement of indigenous business practices impacts capacity and investigate/discuss the current issues in cultural heritage and natural resource management.

Keynote Speaker: Professor David Trigger, Anthropology, The University of Queensland

Prof. David Trigger works on the different meanings attributed to land and nature across diverse sectors of society and in different countries. In Australian Aboriginal Studies, Professor Trigger has carried out more than 25 years of anthropological study on

Indigenous systems of land tenure, including applied research on resource development negotiations and native title.
