

PROTECTIVE BEHAVIOURS TRAINING

Centacare
CATHOLIC DIOCESE OF ROCKHAMPTON

Centacare offers Protective Behaviours Training at four of our sites: Bundaberg, Emerald, Mackay and Rockhampton.

Protective Behaviours Training equips participants with the skills required to understand the operative framework behind the motives of a perpetrator or sexual offender, and to devise practical and preventive tools for vulnerable parties (children, adolescents, special needs and elderly). The training also deals with the symptomatology of victims and working with disclosure.
