

# Stimulating, innovative seminars

with author, parenting and resilience educator Maggie Dent

## Real Kids in an Unreal World

Building Resilience and Self Esteem in Today's Children

- Are you worried, confused or concerned about teaching in today's chaotic world?

- Do you want practical, commonsense ideas and strategies to easily bring into your classroom?

Maggie's seminar will explore how the 10 essential building blocks will build resilience and self esteem for all children from birth to 12. These building blocks improve the cognitive, psychological, emotional and social health of children for life. Her informative, insightful and entertaining seminars inspire teachers and parents to make small changes for young children- small things that become big things later in life. Seminars are for parents, teachers, health professionals and family consultants and counsellors.
