KEYNOTE SPEAKER INFORMATION - JEREMY "YONGURRA" DONOVAN

Jeremy has had many great influences in his life, which include his Grandfather and a number of Tribal elders from his community and others across Australia. These influences continue to provide Jeremy with greater ambitions to show the true richness of his amazing Cultural heritage.

As a Keynote Speaker, audiences are enthralled. Jeremy speaks with wisdom and eloquence well beyond his years. One of Jeremy's greatest passions is working with youth. Jeremy knows as well as anyone the struggles of growing up. Sharing his life's wisdom with Young people is a huge part of Jeremy's Journey.

Working with Indigenous youth, Jeremy encourages and empowers the youth to walk in the footprints of their culture and to bring their own understandings, skills and talents out to be the strong unique individuals they are, united by the heritage of thousands of years of culture.

Jeremy's work with youth is based around building self esteem, self worth and gaining a greater understanding of Identity. His message is powerful, purpose based and straightforward.

"Learn your culture be proud of where you come from, and never forget the struggle the generations before us have faced. Don't blame others for your trouble or problems. You control your own Destiny. Your only limitation in this life is the one you place on yourself."

Jeremy is extremely focussed on the development of his music, art and sharing his intimate knowledge of Traditional Healing and Sacred Ceremony.

"I make it my job to educate people from all corners of the world about the beauty that exists within our sacred and traditional culture."

Wellness and Well-being is a Communities for Children project. Communities for Children Facilitating Partner Initiative Rockhampton LGA is funded by the Australian Government and facilitated by The Smith Family.
