

"Hope: A Cancer Doctors Life Secrets", explores the inner strength and positive belief that patients draw upon when faced with a diagnosis of cancer.

An invitation to the "Hope" book launch a world cancer day special event

Genesis CancerCare Queensland in partnership with Cancer Council Queensland are pleased to invite all health professionals and community members to the launch of "Hope: A Cancer Doctors Life Secrets".

This world cancer day event will feature presentations by Cancer Council QLD and cancer related health professionals including "Hope" authors Dr David Schlect and Damian Mason who will discuss the importance of hope and the approach that many of their patients have adopted to successfully navigate the highs and lows of the cancer journey.

Attendees will also have the chance to speak with the authors during a book signing and talk to Cancer Council QLD staff and cancer related health professionals.
