

BUSINESS LEADERS FORUM

Capricorn Enterprise in association with The Rock invites you to attend the next event in the Business Leaders Forum series. We are delighted to be welcoming Simon Dehne – Conscious Futures.

Presentation Topic: How We Can Learn from the Future?

We cannot predict the future and so we cannot know what will happen but we can prepare ourselves for success by developing the ABILITY to recognise the future as it unfolds in the present: the only place we can make decisions and take action.

Simon will provide insight on how we can learn from the future so we can make wiser decisions today.
